

Spiritism and Abortion

If you are on this page, you are either considering having an abortion, have already had an abortion, or know someone who has had an abortion. If you are considering an abortion, we understand how scared and alone and unsure you feel. Before you act on a decision to have an abortion, you should read about abortion and the possible consequences you might experience.

Abortion is, according to the Superior Spirits, a heinous crime. Killing a child inside the mom's belly is a murder. A mother or whoever it is will commit a crime whenever they take a child's life before its birth, because it would stop the spirit who would reincarnate to pass through the various probations for his own development. It has become scientific proved that human life begins from the moment of conception. From the moment of conception, the spirit designated to inhabit a given body is united to that body by a fluidic link, which becomes closer and closer up to the instant of birth; the cry then uttered by the infant announces that he is numbered among the living.

*Every transgression of the law of God is a crime. The mother, or any other, who takes the life of an unborn child, is necessarily criminal; for, by so doing, a soul is prevented from undergoing the trial of which the body thus destroyed was to have been the Instrument (please see questions 344, 358 and 880 from *The Spirits' Book* where you can find more details). Three mistakes can be pointed out in criminal abortion. What are they? First: to stop the spirit to reincarnate, it means, to progress. Second: to reject a son who maybe represents the tool that God gave to parents in order to help them progress, through taking care, resigning, worrying about the kid. Third: not complying with the Commandment "Thou shalt not kill" and in this case also an act of cowardice, since the Spirit is helpless.*

Spiritism and Abortion

Criminal abortion is the denial of love. Overwhelm the future life, full of hope; prevent the soul from coming back to our world. It denies the Spirit the chance to readjust represents, in any place, situation and time; this is a heinous crime, with lasting and Painful consequences for the human psyche.

"Which is the first of all natural rights of man?

The right to live."
